From all of us at Brylor Ranch...

WELCOME TO OUR 46TH ANNUAL

BRYLOR RANCH RED ANGUS BULL SALE!!

(Coming Two-Year Old Division)

Many folks have asked me two questions lately:

#1. "Why are you doing the two-year old thing?" and...

#2. "Why in December?"

Both can be answered very easily. *Answer #1* is that I am trying to "work smarter, not harder." With limited time and limited help on the ranch for right now, calving the vast majority of our cows in May/June can be done by one person basically. These bulls have not seen bad days since birth – less stress, less hot feed, less cost and the death loss is incredibly low! Our customers that have used these long yearlings love 'em! The longevity on them has been well documented to be longer due to the gradual development in their growth pattern.

The answer to *Question #2*, "Why in December?"... We background the bulls 'til May then grass them until September and when they are sold in December, you can either take them home to acclimate to your ranch for a few months instead of immediately being thrown in with the cows after a spring sale. There's lots of advantages all around to this time of the year!

We have a tremendous group of bulls for this 46th Sale of ours. Our customers have fabulous sets of heifers for sale and, as in Brylor fashion, we will have our usual awesome steaks and "beer cooler" on wheels after the sale.

Come and join us at Fort Macleod on December 2nd!

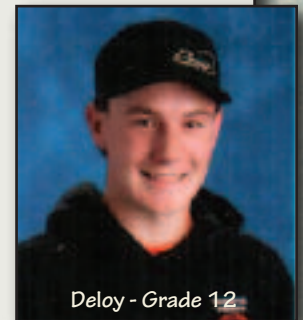

See you in Macleod!!

Since being a high selling syndicate bull back in 2012 at \$37,500 to Marcer Ranching in B.C., this bull has made quite the name for himself – he being an E.T. son of arguably the best breeding black bull in the country and one of the best all time “Hall of Fame” cows in 70M

One of the biggest and longest sided bulls selling today, 406C is strong made and backed by the Agribition Grand Champion (along with his dam), named Curve.

The dam, Countess 211T, is one of my very best donor cows. She's a maternal sister to Stallion, Red Carpet and Lead Pine 99L.

Based upon his dam alone, I should be keeping and using this bull!! Reba 49W is an awesome donor cow for Brylor and OTM in Oregon. She has raised an \$8000 U.S. high seller to Rhodes and a \$9250 U.S. heifer to Blairs and two full sisters to 441C sold at "Mayhem 2016" for a \$4250 average. By sale date we'll know what the full E.T. sister will have brought in the Reno "Bet on Red" sale.

This bull is worth the chips!

TERMS & CONDITIONS OF BULL SALE

TERMS - The terms of the sale are cash or cheque payable at par at Fort Macleod, Alta. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

RETAINED INTERESTS - Brylor Ranch is retaining the right to possibly use a few of the bulls in this 2016 sale. Instead of retaining a 1/3 semen interest in selected lots, we will instead reserve the right to collect 100 straws of semen on any bull in the catalogue at our expense and the buyer's convenience. Buyer otherwise owns the bull, except in the case of bulls denoted as 1/2 interest lots.

BIDS - Every animal entering the sale ring will be sold to the highest bidder. A floor price will apply to each animal consigned.

DISPUTES - In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as the auctioneer declares the animal sold.

ANNOUNCEMENTS - Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

SHIPPING - Assistance will be given in making shipment after the sale, but no risk is assumed by the Fort Macleod Auction Market Ltd., or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement. Any additional expenses are the responsibility of the buyer, including duty, brokerage fees, etc.

BREEDER'S GUARANTEE - Brylor Ranch has done everything possible to assure you, the buyer, that every bull in this sale will be a breeder. All the bulls in the sale have been semen tested and every bull has been physically evaluated by Dr. Bruce Kostelansky, Pincher Creek, AB. However, should a problem arise, please inform the seller so further arrangements may be made without delay.

- Brylor Ranch is in no way responsible for more than the initial purchase price of any bull selling in this sale today.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor any owner assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY - Fort Macleod Auction Market Ltd. are acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

INFORMATION SUPPLIED - in this catalogue is accurate to the best of our knowledge and in no way, shape, or form has it been unethically altered or enhanced to serve a purpose!
