- Selling 1/2 Interest with Full Walking rights for 2008 & 2009.
- Walking rights to be negotiated after the 2009 breeding season.
- Possession to be taken by the new buyer after February 1, 2008.

I don't recall any one particular lot in the history of the Red Round-up Sale that has caused this much buzz or commotion... even before we have the book in print! I'm not surprised, though, as he was the calf that caused a lot of talk two years ago when he first surfaced. Now that he's a mature bull and is poised to step into the limelight atop of the food chain at Farmfair and Agribition and the National at Saskatoon, anyone wanting a shot at the big time had better buck up, step up and ante up on October 20th at the 35th Annual Canadian Red Round-up Sale in Red Deer 'cause here's Lot #1!

This bull looks good! He's got so much natural thickness in his lower quarter and lots of rib shape. He's got a great shaped angus head on him that's proud and masculine at the same time.

- Selling 1/2 North American Semen Rights
- No Possession & No Interest will be given until after the 2007 show season; all show costs will be covered by Six Mile and Ter-Ron. The new buyer will be involved in all advertising opportunities this fall show season and welcome to get in on the publicity he may create.

The hair he has amazes me as well!

Fully Loaded first came to light when he was named Red Round-up Bull Futurity Grand Champion Bull in 2005 for Ter-Ron. He then went on and was named both Bull Calf Champion and Reserve grand Champion Bull at Farmfair and Agribition 2005.

2006 brought the anticipation to Ter-Ron's bull sale when Six Mile acquired a 1/2 share in him. Fall '06 saw him repeat as Junior Champion and Reserve Grand Champion Bull at Farmfair and then Junior Champion at Agribition. History could be made at the Red Round-up 35th Annual Sale this fall... you can be a part of it or you can watch it happen!

One way or another, just be there!

Grant Polston

- Comes with 100 Straws of Canadian Qualified Semen

- Selling 1/2 Interest & Full Possession
- Towaw retaining their 1/2 Interest

The only yearling bull to be lotted in the 35th Red Round-up Sale... has been here before! He was the very strong young Indeed son at side of the \$6600 cow that Towaw consigned in 2006. Bar 5 secured the pair and has made nothing but cash with the cow, 147H, a gorgeous daughter of Expansion 5E, the Agribition '95 Res. Champion Bull that same year. She's now a top ranked donor cow in Ontario.

His sire is of legendary female making proportions - his daughters possess incredible udders! The sons are solid as well - \$26,000 for Mario, the \$19,500 Mastermind, the \$20,000 Smokin' Joe and the \$13,000 Integrity - all sons of Indeed 104H. Armageddon is a very deep sided, dark colored, excellent bloodlined bull with fabulous numbers and he's got his whole life ahead of him.

Now note his young birth date of just June the 6th!!

Towaw Doll 147H - Dam of Lot #2

Indeed - Sire of Lot #2

Lot #3 - Red DMM Brylor Thump 2T

- **Selling a Full 1/3 Interest with Possession Negotiable**
- **1/3 Interest will be owned by Miller Wilson Angus**
- **1/3 Interest owned by Brylor Ranch**

- **Thump 2T's semen rights will be sold "By Country" (other than Canada). The new buyer to participate fully in all revenue and expenses from this.**

Thump and his dam will be campaigned at the Olds "Gold Show" Farmfair and Agribition and he will be entered at the World Angus Forum Futurity in Olds to qualify him for the big finale at the World Angus Forum in 2009.

The whole world is starting to realize that 2009 is coming sooner rather than later! The whole World Angus Forum concept is creating a ripple effect that will culminate its outer rings in July of 2009 at Spruce Meadows in an awesome, spectacular, outrageous event... like nothing the world has ever witnessed prior to!!

Point being... Thump will be a two year old bull at that event! From the earliest indications, this calf is all bull! He's a stud! He's a natural! He's unbelievable! With not much semen around on his sire, this calf could be worth a mint on semen sales. See Lot #126 on Page 60 for more on Thump's daddy!

The dam will be on display Sale Day as a future flush in her sells as Lot #116 today. On 13 progeny that I have sold through Mackenzie Sales Management events, alone, they have amassed \$161,800 to average an incredible \$12,447 (I've managed some entire sales that haven't grossed that!). She's an amazing cow that will be as tough as ever this fall at ten years old with Thump at side.

Partner with us - he's the kind to put you on the map!

- Selling 100% Interest & Full Possession
- He will be entered in Agribition

All the way from Ontario, from an outfit that can get'er done in all aspects of raising cows comes a "dynamite" bull calf! From his unique name to his great color and outstanding phenotype, he will be remembered at Red Round-up 2007!

His dam sells next as a feature cow today. She's a gorgeous two year old. The sire, Master Plan, has been in the top ten "most used" sires in Canada the last three years now. It shows how popular he's been since being Canada's highest priced bull in history at \$92,000 in 2003 and his dam is Brylor's highest selling female ever at \$31,000.

Time Bomb has the goods... the sire, the dam, the color, the body shape and muscle and he is the first of eight Master Plan progeny selling today.

Be at Red Round-up 2007 in Red Deer... it's going to be explosive!

A.I.'ed: June 9 to Red Dwajo Jokers Wild 47S

Service Sire: One of the most intriguing parts of selling this cow is her service - she's A.I.'ed to the 2006 Red Round-up Club Red Champion Wildcard son.

I am not sure if I have been any more pumped about a set of sale cattle than I have been on the Red Round-up set for 2007. They are unreal!! Heading off the cows is a knockout two year old cow from Gold-Bar in Ontario. She's a daughter of the \$13,000 Indeed son named Integrity... now at Blair.Ag. She has a very high-ly respected family behind her in the Rebellos.
