

BAR E-L ANGUS - STETTLE, AB - 403-579-2394

**SELLING THE RIGHT TO PICK FROM THE ENTIRE
BAR E-L HERD FOR A FLUSH OF YOUR CHOICE.**

123

Pick of the Herd Flush

Dave & Lynne Longshore and family have elected to do a "Pick" lot, if you will, of their entire absolutely beautiful set of cows. This cowherd will astound and amaze you at its depth of body, amazingly strong udders and big power cows with characteristic Angus heads.

I always enjoy my tour there with Dave, a cowman I have a lot of respect for! He's done it now with not just one breed of cattle, not two breeds of cattle... but three! They have had Grand Champions at all the shows ... in all three breeds. They have had high sellers at all the sales... in all three breeds. In addition to all of this, the annual Bar E-L Bull Sale is one that just keeps getting better and better.

Remember, Dave and his dad, Sandy, haven't had their Red's for long either. I remember them buying some of their first one's at Don Maull's Dispersal in '98 and the Alder herd in the mid '90's. Buy the right to pick the herd for a flush, tour the herd sometime this fall and enjoy the Longshore's hospitality.

It will be a trip worth taking... believe me.

TERMS:

- 1/2 down Sale Day; balance due upon successful completion of flush
- 6 viable, freezeable or transferable embryos guaranteed with a further guarantee of two pregnancies from resulting eggs if implanted by certified technician
- Split after 8
- Buyer pays flush costs
- Access to any bull in the Bar E-L semen inventory which includes Knight, Cinch and Boomtown

**Pick of Copperhead 2008
Heifer Calf Crop**

Here's an unusual, but highly creative, and maybe - just maybe - a very lucrative Choice option lot at Red Round-up 2007. From Willie & Bonnie Zaretski of Armstrong, BC, we have a cool opportunity to get your choice from an entire calf crop of heifers born next winter. Talk to Willie about the sires used such as Smash 41N, Red Compass 48K (a Nyack grandson), and 5L Travelin' Express.

Their herd of cows are very strong, some of the absolute best in the entire province of BC. Copperhead are always right at the top of the heap at the IPE Angus Gold Show in Armstrong. For an example of one of the animals they've produced, check out the next lot.

TERMS:

- 1/2 down Sale Day; balance due upon Selection Date of no later than June 1, 2008

This cow is an example of the "Female Power" in the Copperhead herd
