

BRYLOR RANCH

CANADA'S PIONEER RED ANGUS BREEDER

“TRADITION
WITH
A VISION”

RED & BLACK ANGUS FEMALE SALE

SATURDAY
OCTOBER 24 1 PM
2020

STAVELY AUCTION
MARKET
STAVELY, ALBERTA

Welcome to the Brylor Ranch
"TRADITION WITH A VISION & GUESTS"
Fall Female Sale!!

It's been a few years now since we had our last female sale so it's great to get back into the inner workings of doing a female sale. In our 2020 edition of the Tradition With A Vision you will notice we have made a few dramatic changes to our event. First off is the location - we are moving the sale about half an hour north of our old stomping grounds to Stavely, Alberta, which will be our new location. It is located between Claresholm and Nanton right on highway #2. One thing for sure though, our auctioneer, Brent Carey, and our advertising guy, Dave Callaway, won't have far to travel!

Another significant change is we have added some guests to come and do some business with us this year! Due to the closure of the Southern Alberta Club's Annual "Chinook Classic" we invited them to be a part of ours. These cattle were all hand selected by either Darnell or myself so I do trust the quality of their consignments is for real.

A long time ago when I first began my other company, "MSM", a friend of mine gave me some advice. In fact his was the first sale Sherry & I managed on our own in 1998. His name was Don Maull, owner of 77 Stock Farm. He said to me one day when we were discussing his upcoming sale and the catalogue, "Bryan, good cattlemen make good cattle... not a computer!" To this day, I've taken that piece of knowledge he shared with me and I live by it in my own program here at Brylor Ranch.

Two things I want to share with you all now reading this opening letter that pertains to the computer part. One of the biggest reasons why I get on so well with Grant at GRP is the fact that he's a man with honor and integrity. You'll notice that the photos of the cattle are not "filled in" nor "touched up". He doesn't remove anything on the cows that you can't do with a set of clippers or a brush. These cattle are represented here in these next pages accurately by their photos.

The other point I want to make is that you'll notice I didn't use the numbers generated by the CAA computer. I am not an "Angus One" fan by any means, especially the new system for feet, udders and temperament. Some of us have been doing that on our own for quite sometime now...it's called culling! Take it for what it's worth on these two points I have just made - that's my opinion and my beliefs!

Now about the set of cattle we have gathered up here today for your appraisal and approval. Brylor has everyone of their home raised bred heifers in our February program on offer in Tradition With A Vision 2020. You will also notice we have a large number of our shared heifers with our good friend and partner, Mark Chriss from Oregon (OTM). Both of us are kinda proud of where we are at in our program and we hope you will like our offering of sale cattle today. We will have a little bit of something in Stavely for everyone. Very good heifer calves, a few older cows, some frozen genetics in the form of embryos and an Assassin semen lot. I would be remiss on my job if I didn't say this about Lot #1... *she's quite stunning!* We are so looking forward to seeing who wants to be our new partner... OTM, Brylor and TBD on Saturday, October 24, 2020, in Stavely, Alberta!

We have a great representation of our industry's frontline workers here today to assist with your selections. Lean on them as they are here to help. Please join us on Friday night at the Stavely Auction market for some hospitality too!

Thank you in advance -

One of the most interesting young bulls we have raised and used in our herd in quite some time, Franchise is uniquely bred and has an awesome front end and muscle pattern to him. His feet are extremely strong and his first calves are tremendous - especially the heifers! His calving ease is remarkable too.

Franchise 149F topped our bull sale last fall to WRAZ and Red Embers in Saskatchewan at \$27,000 for a 1/2 interest.

See Lots #32 & 33 for more on his dam and grandam.

A very cool young bull with a phenomenal look to him! We were looking for an outcross to our program to breed our sale heifers to and he's what I came up with. \$13,000 later in Howe's sale he was owned by Brylor and On The Mark (OTM). By the end of the day in early April I had received over a half dozen phone calls stating how good this bull was... especially how good his feet were!

We are looking forward to big things from this very well put together, sharp young sire!

Two springs ago in my searches for a herdbull I came across this super dark, very well made and well bred bull. I liked the job U2 Renown was doing and being very insistent on having a great cow behind a herdbull... Linett 938W is awesome! She has a feature flush in the upcoming Red Roundup.

We are expecting big things from Freeway down the road and so far all systems are a go on his first calves.

A few years back on my Red Round-up selection tour I came across this awesome, outcross massive herd bull. He looked fantastic out in Phil Birnie's field... and then he started to move! I could hardly believe how something like him could travel! Wow! I had to have a piece of him and then I saw his black/red carrier dam out of SAV Final Answer - that sealed the deal!

His first calves born here at Brylor Ranch were ludicrously little at birth out of our big strong cowherd, but the grow in them blew me away. I cannot wait for my commercial customers to see his sons this fall!

If you believe in numbers then this bull is the one for you! He was purchased as a \$10,000 USD yearling from Westphals' in Montana. He was used very heavily at Brylor for four different breeding groups in his first two years with us. He is a terrific breeding bull with the most amazing footwear you could ask for.

Next Step's sons have been extremely well received in our bull sales and we love the first daughter now in production. They are some of our best young cows.

Next Step sold as an older bull last spring for \$25,000 to Phil Birnie.

Since introducing this magnificent herd bull to our program a couple of years ago, we have no regrets for having done so. He has risen to the challenge of being a high dollar bull and exceeded expectations in all categories.

He was the \$77,500 high seller for Cockburns' and then we syndicated him to several of the best known Red Angus breeders in Canada. He was, in fact, the most heavily used Red bull in all of Canada according to the Canadian Angus Association's "Top 25" list this spring.

Our first set of bulls sold last fall and were very well received by our commercial customers. The second high seller was a son to Granum Colony at \$14,000. We are really enthused to see his first daughters in production as we feel they will have a lot to offer to the entire industry.

This bull has matured into one of the most photogenic, gentle giants of a herdsire that I've seen in quite some time. He has amazing length of body and yet, with all his muscle mass he calves very well too!

Assassin now resides with our new partner, WRAZ. He was a huge hit on the Southeast Saskatchewan Showcase Tour this summer.

SEMEN PACKAGES -

We are going to offer three different 50 straw packs on Assassin 624D this fall and next spring.

No more semen will be offered on Assassin for the spring 2021 breeding season in Canada!

ASSASSIN 624D PICTURED AS A YEARLING

LOT #1 - RED BRYLOR OTM 408C ESSENCE 613F

- ✓ Selling a Full 1/3 Interest and Possession
- ✓ Brylor will retain a 1/3 interest and OTM will retain a 1/3 interest
- ✓ If an interested party wants us to continue managing her for you we would do so.
- ✓ If an interested party would like to buy all of her double the bid price on sale day and you own 100% of her we would then only retain 10 embryos from her lifetime.

Exposed: April 20 - May 12, 2020 to Red Coburn Assassin 642D

This absolutely drop dead gorgeous two year old female could have been Lot #1 in another sale this fall too, I believe... maybe if I had a better relationship with the lot selector!! For a brief, weak moment I also considered phoning my good friend, Nate Marin, and seeing if he wanted to dust off the ole rice root brush and shine up the show halter once more. This pair would have gotten some attention! I called my buddy, Seth Leachman, too and asked him if all the Franchise daughters had udders like 613F's and he told me they all looked pretty nice.

She comes by her beauty pretty honestly being a Mulberry/Essence combo on the dam's side. One just knows Cindy Crawford's and Christie Brinkley's own daughters have a decent chance of being pretty too!

408C's full sister, 72A, sold in our "Blizzard Sale" in 2013 to Iowa for \$19,250. Their dam, 230U, was the Reserve Senior Yearling Heifer Champion at the World Angus Forum 2009. Then further back you have Essence 42G, the \$50,000 1/2 interest cow that won the Supreme deal at Agribition in 1999.

Franchise had some attention this spring as sons topped Mar Mac at '20 and one topped our sale last fall at '27.

Mark and I are pretty proud of this young superstar. She's had her picture taken a lot already this summer and I'm sure that will continue on as she progresses. The Assassin calf inside her won't hurt her chances of doing it again next February either.

SELLING CHOICE OF MOTHER OR DAUGHTER IN LOT #4.

A.I.'ed: May 4 to Red MRLA Resource 137E
Exposed: May 20 - June 3 to Red Mar Mac Marshall 21F

A typical Mulberry daughter! Big & powerful, has a gorgeous udder and can produce the lights out. We have four daughters in our program and Luenburghs have one as well. Granum Colony paid \$11,000 for a son of hers a few years back too.

The Service Sire, Resource, has lit it up big time the last couple of years in both sexes. The bulls have sold very strongly including the \$130,000 Township bull to DVC of Sundre. The daughters as heifer calves in the U2 Dispersal must have averaged over 10!

OFFERING CHOICE BETWEEN HER AND HER DAM, 27X!

Here is the very first daughter to ever sell from our \$20,000 herd sire called "Free-way". I think Sherry's daughter, Isabella, is mad at us for selling this one... she thought because of her number (4H) she might have made a pretty good heifer to show in her club!!

Excellent pedigree in this beauty too - Renown, the Linett cow 93B, Mulberry, Century, New Trend and Presidio.

LOT #5 - RED BRYLOR 24Y VIDALIA 9G

Exposed: May 1 - June 3 and July 10 - Aug 20 to Red Howe Head Games 56G

In all of our years of having a female sale (this would've been our 49th had we kept the streak going!), this bred heifer would rank up in the top 3 or 4 we have ever sold! That's quite a statement when you recall Olivia 2T (\$56,600), Annie 240U (\$16,000), Lakme 204S (\$21,000), Tinsel 48H (\$30,000), Bonita 175S & 176S (\$18,000 each) and Vidalia 24Y (\$19,000 US).

This particular heifer reminds me so much of her dam, 24Y, at the same age. Beautifully sculpted head and front and very easy to get along with, lots of muscle and depth and you just know her udder structure will be superb.

Study these Assassin daughters, too, for their great femininity and overall profile and they are good cattle bred to the \$13,000 flawless footed Service Sire from Howes', Head Games 56G.

LOT #6 - RED BRYLOR 8 WAY ENVIOUS 201H

Interesting story here how these next two calves came about... I put together a group of 8 breeders last fall to try and buy a couple head out of the U2 Dispersal. We managed to buy eleven pregnant recips on the first day of the sale and ended up with 3 heifers and 7 bulls - two of which are being marketed here today in Lots #6 & #7. Note - there will be a Choice Lot of all 7 bull calves in Brylor's 50th Bull Sale on December 4th. Two full ET brothers to 201H sold this spring for \$28,000 and \$18,000 in Ungers' bull sale.

The dam, Envious 147X, sold for \$17,500 at 10 years of age. She's also the dam to Renown 193C (sire of Freeway) and a full sister to 201H sold at \$10,000 in the Dispersal.

8A Heifer calf at side by Red Ter-Ron Freeway Born May 11 2020 Tag 88H

On both Lot #8 and Lot #9, the buyer and the buyer only can double the bid price and keep these pairs together.

Exposed: July 5 - Aug 20 to Red Mar Mac Marshall 21F

I wanted to feature a couple really stellar cows out of our main cowherd (April/May calvers). Luluwill is a strong contender in that group for profile, udder structure and a terrific outcross pedigree. We bought the Get-A-Long cowherd in the spring of 2012 and when this heifer calf jumped off the truck, she's never looked back. Her dam was a Red Roundup feature cow in 2006 to Dennis & Shelly Ericson. We still have a maternal sister to fill the void when 128Z leaves (now there's a voice from the past - none of us will ever forget "Doc" Frank Piorer of Brash Creek Red Angus in BC).

Iceman left us some great females and he also sired two sons for us in 2014 at \$29,500 each. A full sister to Marshall was the 2018 Agribition Heifer Calf Champion and sold to Blairs for \$15,500.

9A B/R Carrier Hfr calf at side by MRLA Resource 23F Born May 5 Tag 79H

Exposed: July 5 - Aug 20 to Red Mar Mac Marshall 21F

You talk about production... her last two bull calves weaned off at over 900 lbs each in September (January & February bull calves). She also had a female sell to Perry Oliver last fall. 61A's dam was a Mulberry & New Trend combination which has been deadly for us in the past. 83L was a \$10,000 bred heifer from Gloria Blades in an All A.I'd Sale in Olds in 2002. I liked the Toast son she was sired by too. He saw service at both Brylor and Coyote Lake Cattle Co at Cardston.

Marshall has two feature maternal sisters from Mar Mac in Red Roundup 2020.

LOT #9 - RED BRYLOR MISS TST 61A

LOT #13 - RED BRYLOR 97Y NIKITA 8G

A.I.ed: April 29 to Red Brylor OTM Franchise 149F
Exposed: May 1 - June 3 to Red Howe Head Games 56G

This whole Nikita family has been pretty good to us. The dam, 97Y, came to us from Bob & Lance Marcer in BC. I bought their whole herd in 2015 just to get 97Y and her full sister, 21Y, in my herd. They are ET sisters to the \$27,000 Mulberry son, 44B, at Y Coulee and U2 last fall. Also another full sister was 3T, a donor for Brylor.

The original Nikita was a past Red Round-up bred heifer at \$6400 back in 2004. There was one more Nikita to note - she was a Black/Red Carrier cow, 90U, that sold 1/2 interest to Griffins in Iowa at \$11,000 back in '09. We have four daughters in our herd from 97Y.

Look for the feature heifer in Lot #22 from 21Y. To give you an idea of how powerful 8G is, back in March on our yearling weights she had an actual weight of 1095 on March 22. 97Y herself was weighing well over a ton last fall.

A.I.'ed to a bright new star in Franchise 149F... mated to a Nikita... just sit back and watch what "ROI" means!

LOT #27 - RED BRYLOR OTM INDIGO 226G

A.I.ed: April 19 to Red Brylor OTM Franchise 149F
Exposed: May 1 - June 3 to Red Howe Head Games 56G

Isn't it just amazing how the *good* ones do breed on!! This is one of those females that you just know is going to roll on and do a fabulous job for whomever is going to own her!

The dam, 26T, was Mark's very first purchase of a Canadian born heifer back in the 2009 Tradition With A Vision. 26T went on to produce a heifer in the USA that won every show in Oregon including the State Fair in 2014! 226 is good and she knows it!

Exposed: May 1 - June 3 to Red Howe Head Games 56G

Some totally different blood here folks... and quite possibly the very first Domain sired female to sell in the entire country. Weighing 1070 lbs. on her Yearling Weight on March 22nd, she is full of raw horsepower and great length of body. I think the service to the Howe bull will enhance this heifer very nicely.

LOT #28 - 210G

BRYLOR FROZEN EMBRYOS

VIDALIA 24Y - DAM OF LOT #29 & #30 EMBRYOS

POWER EYE - SIRE OF LOT #29 EMBRYOS

UPLOAD - SIRE OF LOT #30 PREGNANCY

**PACKAGE OF 4 EMBRYOS
VIDALIA 24Y X POWER EYE**
Guarantee TWO 90 Day Pregnancies

RED BRYLOR 140M VIDALIA 24Y

Female LMP 24Y February 01 2011 #1637379
BW: 82 lbs.

- | | |
|--------------------------------------|-----------------------------|
| RED COMPASS MULBERRY 449M | RED HR RAMBO ET 91K |

| RED FABULOUS FAYET 4R | RED UBAR SEQUOIA 202 |
| | RED SSS FAYET 760L |

The good ones get around and 24Y has certainly seen a lot of North America originally selling at the Mulberry Mayhem in Kansas for \$19,000 USD (1/2 share) and now we've added OTM and Two Step in Arkansas as partners on her. Look at her daughter in Lot #5 today... that speaks better of her than any footnote I could write.

Power Eye females in the last two years at Red Roundup have sold for \$15,500, \$13,500 and \$10,500. He also sired the two time Farm Fair Grand Champion Female and Agribition Female in 2018.

**1 PREGNANT RECIP MATING
24Y X UPLOAD**

**A pregnant recip - 3 year old Red/Simmie Cross cow
Mating of 24Y x Red MRLA Upload
Due: February 7, 2021**

There are two reasons for selling this mating in the Tradition With a Vision 2020:

1. The recip just happens to be the dam of Lot #7, the 202H heifer calf

AND

2. We are featuring the 24Y cow this year - see Lot #5 and Lot #29

Red MRLA Upload sired the \$17,000 heifer calf at the Red Roundup last fall!

MARIA 53A - DAM OF LOT #31 EMBRYOS

FRANCHISE 149F - SIRE OF THE LOT #31 EMBRYOS

RED WRAZ GOLDIE MARIA 53A

Female WRAZ 53A February 21 2013 #1748044
BW: 81 lbs.

**PACKAGE OF 4 EMBRYOS
53A X RED BRYLOR OTM FRANCHISE 149F**
Guarantee TWO 90 Day Pregnancies

53A is a big, beautiful Red Angus Tank! She is so full and squarely made it's hard to fathom. She was the Keystone high selling lot back in 2013. I'd rank her as maybe the top 1 or 2 daughters of Ghost rider ever and he has sired some great ones! She raised a \$14,000USD heifer to Stephens in Arkansas.

Franchise 149F is a son of 49D, the donor cow next in Lot #32.

RED BRYLOR OTHC REBA 49D - DAM OF LOT #32 EMBRYOS

LOT #34 - HEIFER CALF #30 - RED SIM/ANGUS

.....ANOTHER **FIRST TIME EVER**

OFFER FROM BRYLOR RANCH!!!

#34 HEIFER CALF - RED SIM / ANGUS

Note - Registration eligible as a halfblood at the CSA office if the new buyer so wishes.

RDD 75F - SIRE OF LOT #34

Here's a project that I'm pretty pumped up about! I absolutely love these Red Sim/Angus females we have been raising for a few years now. Now, that being said... all of her half sibs (bull calves) aren't bull calves anymore! But they are one helluva set of steers!

We have had a lot of visitors through our sale cows the past couple of weeks and all that have seen this heifer calf very much appreciate her for what she is... a stunning Red halfblood female.

In the past few years a Black halfblood female sold for \$36,000 (Motive event) and some at FNL have traded for up to \$20,000.

The sire, 75F, was Deegs second high seller two years ago at \$9750. He has left a set of calves at Brylor Ranch that are off the charts!

Watch for more heifer calves this fall at Fort Mcleod, our 50th Anniversary Bull Sale!

You will also want very much to see this heifer's beautiful mother, Faye 178B, on display on October 24th for the Tradition With A Vision & Guests sale at Stavelly, Alberta!

HERE'S WHAT MAKES LOT #1 SO DARNED GOOD!!

72A - FULL SISTER TO DAM, 408C

230U - DAM OF 408C

MULBERRY 26P - SIRE OF 408C

NEW TREND 22D - SIRE OF 230U

ESSENCE 42G - DAM TO 230U

FRANCHISE 6305 - SIRE OF 613F

Welcome to the Guests of the 2020 Brylor Ranch Tradition With A Vision Sale!

When the Chinook Sale was cancelled for 2020, Brylor reached out to the consignors and asked if they would like to consign a few head to our event. No matter what the current situation in the world is, we have to carry on in the cow business and continue to create commerce.

Besides.... we can't keep 'em all and pet 'em!!

Good luck today to all of our Red & Black Angus fellow breeders!

Bryan & Sherry Mackenzie

Words of Welcome from First Class Marketing...

Welcome to the Tradition with a Vision Fall Female Sale. When Bryan approached us with the idea of joining forces with some selected guests for a "Brylor Ranch & Guests Sale" we jumped at the idea. The end result of this is a extremely strong set of Red and Black Angus Cattle. On offer this year is 60 lots consisting of donor cow prospects, bred heifers, fancy heifer calves and frozen genetics.

The cows on offer are truly a great set with some big time donor females in this group. Take advantage of being able to buy a "proven" female from one of the most progressive herds in the country. The possibilities here are endless. The bred heifers are nothing short of fantastic in both the red and black divisions. The Brylor bred heifers will be very appreciated by even the most critical of cattlemen. Bryan has held nothing back on quality and his offering you a set of bred heifers that he should be very proud of sharing with the industry. The bred heifers in the guest side of the sale are taken right off the top of their respective programs. Please do not overlook this group as it consist of some of the best females you will find throughout the industry. The heifer calves on offer are fancy, yet powerful in both the Brylor and Guest offerings. These heifers are sired by breed leading bulls and many are out of some of the best cows the industry has to offer. This gives these heifer calves the upmost potential for being true matrons of the Angus breed. Look to this group for your next show heifer to stack up the banners or simply take them home and breed them to the bull of your choice for a greater return on investment.

We would like to thank Bryan and Sherry from Brylor Ranch as well as all of these great guest consignors for letting us be a part of this event. I would also like to thank Bryan and Sherry on behalf of the guests consignors for inviting them all into their Tradition With A Vision sale. Nothing is held back and all of these great programs are offering their very best genetics right from the heart of their respective herds. I encourage you to call every consignor to discuss their offerings with them personally.

Please plan on joining us on October 24th, at the Stavely Auction Mart for the Brylor Ranch and Guests Tradition with a Vision Sale. If for any reason you are unable to attend, all of us at First Class Cattle Marketing will be very familiar with the offering and it would be our pleasure to assist you in a very professional and confidential manner in purchasing your next Angus female or frozen genetics.

We hope everyone has a great fall and sale season!

Regards,

Darnell Fornwald

BORDER BUTTE EVE 802Z

An "A" class heifer, Halley 95H. This 704# ww gem is super feminine with depth, width and length of body. The broody type, showing good udder structure and good feet.

Excellent sire and dam pedigree along with strong EPD's. The first ever black heifer being sold out of our Yarrow Creek Farm section of Black Angus cattle. Linda has strived to build her herd on select herd bulls and a very strict culling program.

The functionality of Halley 95H will allow her to fit into any herd quite nicely.

RED YARROW CREEK YOAKAM 7S

This is only the 2nd daughter we are selling out of Red Allison Rickards Red. This is a long deep feminine female whom follows in the Yoakam line of cows we have originating from the Blades Angus program. These cows have been some of the most sure footed good uddered cows in our herd.

The sire Rickards Red has now proven himself to provide outstanding bulls and heifers calves, kind of rare IMO. His thickness and quiet demeanor is a nice heritable trait.

Yoakam was our highest weighing in heifer at weaning time at 748 lbs. so something is working!

Deemed favourable by the vet to be carrying a heifer calf.

Fleming 901 Elenor has a powerful pedigree with Connealy Spur on the top side and Hyline Right Time 338 and Traveler on the dam side. She is a clean fronted female with a pretty Angus head. Elenor is a carbon copy of her dam, both are good uddered, moderate framed and very feminine. Elenor is a square made female who is structurally correct with a wide flat top.

Ultrasonded - Estimated to calve Jan 29, 2021 to A.I. date

Deemed favourable by the vet to be carrying a bull calf

Pasture Exposed: April 28, 2020 – June 10, 2020 to Freyburn Goose 40G

Fleming 929 Miss Essence is a bigger framed yet feminine female who is clean fronted and free moving. She is square made and long. She has longevity, performance and the predictability of old proven genetics in her pedigree with Vermilion Dateline 7078, Vermilion Yellowstone, Fleming 921 Jena, the lineage of the Willabar and Essence cow families and influence of Garrison 8128 Dynamite. Old genetics have a place when building a cowherd, "take the best of the old to create the new"!!

Ultrasonded - Estimated to calve Mar 9, 2021

If you are looking for an awesome feminine female that is complete in every way, give Fleming 935 Zara a good look. She carries her completeness from front to back. Zara is a square butted, thick made female who is wide topped and deep sided. She has a gentle disposition and is halter broke. Her dam is a great female out of High Valley 4C6 Ambush, he is known for producing great females that last and perform in your herd.

This soft made heifer is "flat out good" with lots of eye appeal that would be a top contender on the show circuit and a great addition to your front pasture

LOT #42 - RJL NO NAME 914G

Pasture Exposed: April 28, 2020 – June 10, 2020 to Freyburn Goose 40G
(Werner Flat Top 4136 son)

Ultrasounded - Estimated to calve Feb 15, 2021
Deemed favourable by the vet to be carrying a heifer calf

RJL No Name 914G is a great mix of old and new genetics. She has the influence to FF Black Gold JF C19 who is a son of Connealy Black Granite that is having a positive influence in many herds with a strong EPD profile.

As well, on the dam side she has the proven longevity and female building genetics of High Valley 4C6 Ambush and Garrison 8128 Dynamite. RJL 914G is a free moving female who is bigger framed yet feminine in her make up.

Pasture Exposed: April 28, 2020 – June 10, 2020 to Freyburn Goose 40G
(Werner Flat Top 4136 son)

Ultrasounded - Estimated to calve Feb 15, 2021
Deemed favourable by the vet to be carrying a bull calf

RJL Annie 946G is a powerful package that is smaller framed. If you are looking for a free moving, correct bred heifer that is clean fronted, wide topped and square hipped, this gal is for you.

Her sire, FF Black Gold JF C19, is a bull with tons of hair who is phenotypically very correct with strong weaning and an awesome calving ease EPD profile. Her dam is a moderate framed female with longevity and performance built in for many generations. Give this heifer a second look.

One of our strongest pairs this summer on grass. A sib to her dam 483D, Granddam 8177U, produced a \$30 000 son who is working in Bassano for Count Ridge Red Angus. This is an example that this cow family has proven itself to raise strong progeny.

This momma has done a flawless job raising Delta Gold Edge 405H she is going to develop into a pretty wicked bred heifer, and even cooler cow - one that carries power and depth in all the right places!

You have to love 405's front end and face, it is one of those females that you could sit and look at all day. She is one you will want to take advantage of, to grow that sound cow herd with.

Introducing.... 406H!!

This young lady is going to make a cool cow. She carries muscle perfectly where a heifer should, with a back end that you have to appreciate. Feet always come first followed by udders and her dam, U2 Little De Lake 254E, is an example of a great udder both in structure and suspension.

A maternal pair that has been passed on from generation to generation. This heifer likes to show her feminine confirmation off and has desirable docility.

A.I.'ed: April 26, 2020 - KJH Power Take Off
Pasture Exposed: ACC Big Shot 118E

If you like your cows soggy and soft made, you will really like Rack Queen 6F. She comes by her style naturally as did her sire, Fraser Pokerface 613D who made his debut at Red Roundup in 2017.

Queen 6F has a very quiet disposition, great set of feet and is going to make a very good addition to any herd!

She is A.I. bred to KJH Power Take Off and pasture exposed to ACC Big Shot. We have already seen what PTO and Big Shot can do with this year's calf crop, Their calves have been outstanding right from the start.

Can you imagine the possibilities if her calf comes out RED!!

Another Big Shot sired heifer that we hate to part with. Rouge 231H is one of those heifers you will lay awake in April wondering how you will want to breed her. 231H's dam, 13A, is a wide based powerful made cow with a great set of feet and udder quality. The dam of this heifer is Kathy's favorite cow on the place. We sure wished we had more of this great heifer and we will have a hard time parting with her, but we know she is going to impress her new owner!

- TERMS:** The terms of the sale are cash or cheque at par, payable to the sale clerk on sale day unless otherwise previously arranged with the seller prior to the sale. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.
- BIDS:** Every animal entering the ring will be sold to the highest bidder.
- DISPUTES:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.
- ANNOUNCEMENTS:** Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
- PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold.
- CERTIFICATE OF REGISTRATION:** Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.
- BREEDERS GUARANTEE:**
 - All animals sold are guaranteed breeders.
 - All bred females have been declared safe in calf by a qualified veterinarian and carry no further breeder guarantee.
 - All calendar year heifer calves are guaranteed open at time of sale.
 - Any animal that has not proven itself a breeder within six months after date of sale, if in healthy condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a six month period to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or credit or replace the animal with another of equal value in full settlement and satisfaction of all claims. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf flushed, shown or exhibited by purchaser is no longer guaranteed a breeder under this paragraph #7.
 - Although we do our best to accurately identify the A.I. Services, *IT DOES NOT*, in any way, guarantee an A.I. sired calf.
- WE RESERVE THE RIGHT:** Brylor Ranch reserves the right to one successful flush on any female in the sale at Buyer's convenience / Brylor Ranch's expense. *Exception:* does not apply to any of the females denoted as 1/2 interest lots.
- ACCIDENTS:** Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
- LIABILITY:** All persons attending the sale do so at their own risk and sellers assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
- INSURANCE:** Livestock insurance and/or transit insurance will be available.
- EXPORT TESTING:** In the case of animals purchased for export, the necessary custom, health, and export certificates will be supplied.

PREGNANCY TESTING: All Brylor Ranch females in the catalogue of breeding age were pregnancy checked on July 10, 2020, and all in catalogue to be found safe in calf at least 35 days.

GENERAL INFORMATION

SALE LOCATION: FOOTHILLS AUCTIONEERS INC. (aka Stavely Auction Market) STAVELY, ALBERTA, on Hwy. #2.

SALE HEADQUARTERS: Lazy J Motel - 403-625-4949 - 5225 1st Street West - on Highway 2, Claresholm, AB T0L 0T0. A block of rooms has been reserved under the sale name. Rooms will be held until October 10.

HEALTH: All cattle will be supplied with proper health papers for shipment anywhere in Canada or for export to the USA. Cattle requiring Brucellosis and TB tests (U.S. purchases) will be tested following the sale and will be ready for shipment in approximately one week.

INSURANCE: There will be an insurance representative present sale day.

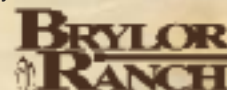

TRANSPORTATION: Calgary is served by all the major airlines. Pick-up at the airport will be available if prior arrangements have been made.

MAIL BIDS: May be entrusted in complete confidence to any of the sale staff or representatives listed or to Brylor Ranch.

DISCLAIMER: As responsible Angus breeders, we have done everything possible to insure these cattle are free from genetic defects at the present time. This in no way guarantees they will be free from future genetic defects that may be discovered by any association, party, or persons.

VIEWING OF SALE CATTLE:
